stay healthy & safe

OHP

Occupational
Health Professionals

Innovative service safe solutions

OHP empowers organisations to achieve excellence and expertise in maintaining health of employees in a workplace. For decades, we have assisted businesses achieve high levels of excellence, and built a culture that promotes safety leadership at all levels.

WELCOME

Occupational Health Professionals

Our services are providing people solutions to a marketplace which has undertaken significant development over the past 30 years. We have evolved and innovated to provide businesses with our unique expertise and service quality. Our approach is to work in partnership with you to fully understand your environment, its people and culture, and to tailor solutions that target specific areas for improvement.

HOW WE HELP

Our Services

RECRUITMENT

Our team is passionate about its commitment to customer service and is dedicated to achieving the goals and objectives of our clients to ensure that we secure the best talent and expertise for their organisation.

We develop long term relationships formed from our ethical, responsible and qualified human resource professionals. Clients can be confident that we source the best talent, from administrative to executive related positions.

WORKPLACE HEALTH

We offer a range of health and wellbeing services to the workplace. We partner organisations to deliver cost effective health surveillance in the workplace. OHP provides a mobile facility to ensure that you experience less downtime and maintain a productive and safe workforce at the same time. Organisations can be confident in the service and quality we provide to the workplace and public. We perform health surveillance services including hearing tests, lung function testing, chest X-rays and blood screening.

WHS CONSULTING

OHP tailors services to further enhance and maintain compliance in the workplace. Our consulting services, ensure that organisations are provided with confidence and they have met regulatory compliance. Through reviews and audits, we identify areas that require improvement and how to best implement the required changes. Our consultants are equipped with the latest developments and expert knowledge in their field. We also provide proactive injury management support to specialised organisations including workplace ergonomics and training.

PROJECT MANAGEMENT

OHP provides innovative people solutions to complex workplace issues. We provide resources and expertise to projects requiring complete outsourced solutions to manage risks in the workplace. These can range from short to long term projects.

Our experienced consultants work effectively with project managers to ensure that key performance indicators, costs and milestones are met.

NDIS

Our therapists provide therapeutic supports through NDIS Funding to assist people with a disability to gain further skills and improve independence related to specific needs. Our services include, occupational therapists, physiotherapist, speech and language pathologists, social workers, psychologists and dieticians. Our suite of services include mobility and movement, activities of daily living assessments and support, aids and equipment in the workplace and at home.

WORKPLACE VACCINATIONS

In addition to wellbeing projects, we provide vaccination programs in the workplace. We are experts in arranging seasonal influenza vaccinations. Our specialist team provide advice for all other vaccinations to reduce infections and absenteeism, including hepatitis, tetanus/diphtheria/whooping cough and others as required by specific occupations.
